Just in time for Valentine's Day--the movie where it all began. Bella Swan is new in Forks, WA--but she's never worried about fitting in with the trendy crowd at the local high. But, that's where she meets the dazzling Edward Cullen. What's not to love? He's intelligent, witty—and he can stop a moving car with his bare hands. Based on the first book of Stephenie Meyer's best-selling series.

Rated PG-13; 122 minutes; 2008.
